

Assignment13

The screenshot shows a code editor with a file explorer on the left and a code editor on the right. The file explorer shows a project structure with files like `about.html`, `base.html`, `edit.html`, `form.html`, `index.html`, `login.html`, `search.html`, `change_user.py`, `db.sqlite3`, and `manage.py`. The code editor shows the `search.html` template file, which includes a search form and a table for displaying search results. The table has columns for `รหัส` (ID), `ชื่อ` (Name), `อายุ` (Age), `วันที่เพิ่ม` (Add Date), and `จัดการ` (Manage). The table is currently empty, showing only the header row.

```
1 {% extends 'base.html' %}
